

Slim Surface Mount Modular Panel SC Simplex

Indoor Surface Mount Fiber Termination Panel

Infinique indoor surface mount SC Simplex fiber patch panel offers a compact solution to the end user. This enclosure is slim and modular and has 8 Ports that can accept SC Simplex or LC Duplex adapters. This enclosure offers a flexible solution, enabling easy access during installation or rework with no disturbance to the existing fiber cable. In addition it also offers multiple cable entry points where fiber cables can either be spliced or pre-terminated, making this enclosure one of the most flexible fiber termination panels.

Features and Benefits

- **Slim with Speedy Installation**
8 Port Slim Surface Mount Panel for SC Simplex or LC Duplex Adapters
- **Rugged Construction**
Powder Coated Rolled Steel Construction and is Flame Resistant
- **Safe and Secure**
Hinged door with multiple fixing points and accessories
- **High Density**
Connectivity up to 8 or 16 Cores and TIA compliance for cable slack

MATERIAL SPECIFICATIONS

Material	Cold Rolled Steel
Material Thickness	16 Gauge
Material Finish	Powder Coating
Color	RAL 9005
Compatible Adapter Types	SC Simplex or LC Duplex
Dimensions (w x d x h) mm	140 x 160 x 30
Weight	1.5 kgs
Operating Temperature	-40°C to +50°C
Standards	TIA/EIA 568.C, ISO/IEC 11801, EN50173, IEC60304, IEC61754, EN297-1
Compliant	RoHS, Reach/SVHC

APPLICATIONS

Data Centers and Premises Installations, Ethernet, Fiber Channel, ATM, LAN, MAN, WAN, Data Communication Networks, Telecommunication Networks
