

WO Series Pole Mount Cabinets

Dimensions 500 (w) x 400 (d) Height 7 to 12U

Infinique pole mounted outdoor IP65 network cabinet with polyurethane casting seals on the doors offers reliability and protect the devices from external factors such as rain, dust and vandalism. Helps to organize and secure EIA 19-inch standard rack-mount devices and networking equipment. Comes with built-in fans with temperature control and flow-through ventilation that keeps equipment safe from overheating. These cabinets are easy to install and ideal for outdoor environments and are available in 7U, 9U and 12U sizes.

These cabinets are constructed from heavy-duty cold-rolled steel for durability with a welded frame structure and have front, rear and side inner panels that offers protection from moisture, temperature and freezing. The cabinets have a high corrosion resistance and are manufactured to fit for all types of weather conditions. The internal adjustable

mounting rails with RU markings and cage nut style come with security locks to safeguard the equipment. There are ventilation holes with fan filters on both the sides of the cabinets. Multiple sizes of cable entries are situated in the lower base of the cabinet which can be fitted with the right size grommet. They are available in Black (RAL 9005) and Light Gray (RAL 7035) colors. The IP65 outdoor cabinet can be used for applications such as traffic control, broadcast equipment, wireless networks and CCTV while maintaining the right operating temperature and protecting the equipment.
